ABOUT US

With over 20 years of experience as a Philadelphia general contractor, specializing in 203(k) renovations, we've successfully guided hundreds of homeowners through the process. Our experienced contractors ensure projects meet FHA guidelines, reducing the risk of delays or rejections. We've built strong relationships with lenders, architects, and real estate agents, ensuring clear communication and a smooth 203(k) journey for our clients.

UNDERSTANDING **FHA 203(K)** LOAN

The **FHA 203(k) loan** is a unique opportunity for loan officers to expand their business and better serve borrowers. It allows borrowers to finance both the purchase or refinance of a home and the cost of renovations under a single loan.

203(k) loans are suitable for first-time homebuyers, investors, and current homeowners looking to renovate. The program is flexible, covering a wide range of repairs and renovations.

By embracing the **203(k) loan** program and partnering with a reliable contractor, loan officers can close more deals, attract a broader client base, and establish themselves as experts in the field.

This loan offers several advantages for borrowers, including simplified financing, lower down payments, flexible credit requirements, and the potential to increase property value.

Partnering with an experienced **203(k) contractor** like MatrixGC.com streamlines the process for loan officers, ensuring accurate cost estimates, efficient project management, and successful renovations.

TESTIMONIALS

It's Awesome! Awesome! I can't believe it. Completely different. Everything was great! Great experience. I'm excited and ready to move in

It felt like I had a bunch of new friends from Matrix. After the job was done, I was sad because I thought I would never see my new friends again. Staying on schedule and within the budget was well-coordinated by Matrix.

Matrix Construction did a FANTASTIC Job! They got everything done in SIX WEEKS for us. They did a great job doing the paint, they communicated with us the whole entire time.
